Grade 9 Course Selection for 2021/2022 School Year

Please remember:

- You will need to pick either 7 or 8 classes, each worth one credit (if you are taking Math Academic you will pick 7 because Math Academic is full year; if you take Math at Work or Math Essentials you will pick 8)
- Your course selection is unique to you and your programming; you may be a student on a typical academic path, or one on a French Immersion or Pre-IB path.
- Regardless of your academic path you will have to take some “Elective” classes. These are classes that you get to choose and that might be more interest based rather than required for your program. Please see the Program of Studies on the School Counselor page of the Dr. J. website for course descriptions. ***Please note that some courses require you to take a pre-requisite first and this should be noted in the course description.

Recommended Academic path:

Required:

1. English 10
2. Science 10
3. Phys Ed: Phys Ed 10 or Yoga 11
4. Math: Academic 10, Math at Work 10, Math Essentials 10
5. Fine Art: Drama 10, Visual Art 10 or Drama 10

Recommended:

6. Canadian History: Canadian History 11, African Canadian Studies 11, or Gaelic Studies 11

Required:

7. Elective
8. Elective (ONLY if you take Math 10 at Work or Essentials)

My Choices:

1. English 10
2. Science 10
